

*Cherrymead Surgery*  
*The Patient Reference Group*

October 2017

Dear Cherrymead Patient

**Diabetes Information Event**

In conjunction with Cherrymead surgery, the Patient Reference Group would like to invite you to a Diabetes Information Event led by our Diabetes Specialist Nurse Tracey Sandy.

It will take place at the Surgery on **Wednesday 25<sup>th</sup> October 2017** commencing at **7.00pm until 8.30pm.**

Tracey has specialised in diabetes management for 8 years and is dedicated to helping people avoid developing diabetes as much as she helps diabetic patients manage it. She will be offering a general presentation about how you can avoid getting diabetes and then taking any questions you might have.

So, if you have any of the risk factors such as: a family history of Type 2 diabetes, are overweight, are of Afro-Caribbean or Asian ethnicity, or would simply like more information on what diabetes really is then please do come along.

To book a place if you would like to attend please let me know via the Patient Reference Group email address [prgcherrymead@gmail.com](mailto:prgcherrymead@gmail.com).

We look forward to seeing you there.

With kind regards,

Sandra Salter  
Cherrymead Patient Reference Group
